

Dear Sue,

My name is Katherine. It is a pleasure to write to you! I love to travel the west coast and visit the east coast. My happiest memories are in Vermont during fall. I have a 3 year old Whippet named Beau who loves to play, run, and hike. He is affectionate, calm, and intelligent. A Whippet's top speed can go up to 35 mph. Beau often gets confused with Italian Greyhounds and a traditional Greyhound. He weighs around 27 pounds. Between bursts of intense pursuit, Whippets love to stretch out and relax for long hours, enjoying the role of a loving, and loved, companion. Most recently, I started to get together with other Whippets and their owners in our area. We get together and go for walks and hikes. Our group is up to 15 Whippets!

Here in Washington, we try to stay cozy inside with all the rain. However, the rain doesn't stop us from going out to adventure! We search the forest for our Christmas tree every year as well as look forward to Dungeness Crab season. In the summer, we enjoy hiking, going to the lake, road tripping, and enjoying the farmers markets. In Washington, you can go to the beach, the mountains, and even the desert!

Sincerely,
Katherine
